# Student Charter

## Welcome to ARU London

**You are joining an inclusive and diverse student community, and your experience here is important to us. Your time here will contribute to your personal and professional growth and your future successes.**

All members of the university and the Students' Union will work in partnership with you to shape your student journey and enhance your education with co-curricular and extracurricular activities.

Our shared learning community works together in a trusting and supportive relationship, providing a platform to share knowledge, skills and expertise, but also a place to challenge ideas and learn from one another.

Our values of ambition, innovation, courage, community, integrity and responsibility are at the core of everything we do and the decisions we make. Our Student Charter embeds these values and lays out the mutual expectations and commitments between you and your university.

Our Student Charter is a reference point for all registered students of ARU London, from undergraduate to postgraduate, following taught or research programmes, on or off campus. We encourage you to read on to understand how students and staff collaborate to enjoy a successful student experience.

We wish you every success with us at ARU London.

## Ambition

We continually strive to enhance our university. We are ambitious and determined to help you to achieve your goals. We expect you to engage with your learning, attend and actively participate in classes, attend meetings with tutors, spend sufficient time in private study and submit assessed work by the set deadlines. We'll make sure you have access to the resources you need to succeed in your studies and be the best you can be.

## Courage

We want our students to be bold, to have the courage to speak their minds, and to try out new ways of doing things even when success is not guaranteed. We want you to develop your talents so that you leave ARU London feeling resilient and tenacious. We believe that a university education should challenge its students, their assumptions, and their ways of working. Likewise, we expect our changing student body to challenge our staff to adapt our approaches to teaching and research so that it is always inclusive, stimulating, and innovative.

## Community

As an ARU London community, we seek to work with you to develop and achieve your full potential. We encourage you to access a full range of co-curricular and extracurricular opportunities such as internships, events, and volunteering. We value working together and will offer you support and guidance. The Employability Service, Student Welfare Services, your personal tutor or supervisor, and the Advice Services of the Students' Union are all here to help.

## Integrity

We promise to display academic fairness and transparency, and expect you to act respectfully and demonstrate honesty in your work and study. We're committed to making sure that every member of the welcoming and inclusive ARU London community can work as critical friends to challenge and learn from each other. We are all personally responsible for our behaviour.

## Responsibility

We are responsible for making sure that changes and developments are communicated to you and that we are transparent and approachable. We recognise that sometimes things can go wrong. We're committed to putting these things right and ask you to contact us as soon as you have a problem so that we can do our best to resolve it. Let us know about any issues you're having by contacting a member of staff.

If you have an issue you'd like to raise in a more formal way, you can speak to the Students' Union Advice Service, or use the [Student Complaints Procedure](#).

### Timetable

One of the many advantages of studying at ARU London is our unique two-day timetable.

All of our undergraduate students benefit from a standard delivery that spreads all of the modules over two days a week. This is beneficial to you, as it enables you to dedicate extra time to studies, undertake part-time work or other additional activities.

It is unlikely for your timetable to change every trimester, however, any change in the timetable will be communicated to students prior to the commencement of a new study term.

Students who fail modules which they are required to retake will have to attend on more than two days.

Watch [this video](#) on how to find and use your timetable.
