Student Charter

Welcome to ARU London

You are joining an inclusive and diverse student community, and your experience here is important to us. Your time here will contribute to your personal and professional growth and your future successes.

All members of the university and the Students' Union will work in partnership with you to shape your student journey and enhance your education with co-curricular and extracurricular activities.

Our shared learning community works together in a trusting and supportive relationship, providing a platform to share knowledge, skills and expertise, but also a place to challenge ideas and learn from one another.

Our values of ambition, innovation, courage, community, integrity and responsibility are at the core of everything we do and the decisions we make. Our Student Charter embeds these values and lays out the mutual expectations and commitments between you and your university.

Our Student Charter is a reference point for all registered students of ARU London, from undergraduate to postgraduate, following taught or research programmes, on or off campus. We encourage you to read on to understand how students and staff collaborate to enjoy a successful student experience.

We wish you every success with us at ARU London.

Ambition

We continually strive to enhance our university. We are ambitious and determined to help you to achieve your goals. We expect you to engage with your learning, attend and actively participate in classes, attend meetings with tutors, spend sufficient time in private study and submit assessed work by the set deadlines. We'll make sure you have access to the resources you need to succeed in your studies and be the best you can be.

Courage

We want our students to be bold, to have the courage to speak their minds, and to try out new ways of doing things even when success is not guaranteed. We want you to develop your talents so that you leave ARU London feeling resilient and tenacious. We believe that a university education should challenge its students, their assumptions, and their ways of working. Likewise, we expect our changing student body to challenge our staff to adapt our approaches to teaching and research so that it is always inclusive, stimulating, and innovative.

Community

As an ARU London community, we seek to work with you to develop and achieve your full potential. We encourage you to access a full range of co-curricular and extracurricular opportunities such as internships, events, and volunteering. We value working together and will offer you support and guidance. Our Employability Team, Student Welfare Services, your personal tutor or supervisor, and the Advice Services of the Students' Union are all here to help.

Integrity

We promise to display academic fairness and transparency, and expect you to act respectfully and demonstrate honesty in your work and study. We're committed to making sure that every member of the welcoming and inclusive ARU London community can work as critical friends to challenge and learn from each other. We are all personally responsible for our behaviour.

Responsibility

We are responsible for making sure that changes and developments are communicated to you and that we are transparent and approachable. We recognise that sometimes things can go wrong. We're committed to putting these things right and ask you to contact us as soon as you have a problem so that we can do our best to resolve it. Let us know about any issues you're having by contacting a member of staff.

If you have an issue you'd like to raise in a more formally way, you can speak to the Students' Union Advice Service, or use the student complaints procedure.

Accessing ARU London

ARU London is situated in the heart of London, which means that we are accessible by most means of transport. However, the best way to access the university is through London's public transport.

The nearest tube and rail station is Farringdon, which is a 3-minute walk away from the university. Farringdon station is on the Circle, Metropolitan and Hammersmith & City Underground lines and the Thameslink rail line. Chancery Lane station is also a short walk from the university and is on the Central Line.

In addition, buses run from all of our neighbouring streets. The 17, 40, 63 & 341 buses at stop HS & HT run towards Blackfriars, St Pauls Cathedral or Angel. Further frequent bus services run from Farringdon Road and Holborn Circus. Unfortunately, due to our central London location, we are unable to provide on-site parking for students. However, there are several privately owned car-parks near the university.

You can also plan your journey through TFL please follow this [link](#).

Delivery Mode

Following discussions with the Student Union on the risks and implications of the current Covid situation, we have agreed to protect student experience by moving all classes and sessions to online-only until (and including) the 29th January 2022. We are all committed to a full return to physical face-to-face delivery as soon as the Covid situation allows and will look to re-introduce synchronised learning (offering both online virtual learning and on-campus face to face teaching) from the 31st of January if possible.

We fully recognise that the Covid-19 pandemic continues to have a very significant impact on your lives, and we are doing everything we can to support you through these challenging times. Your health and wellbeing are very important to us, and we will introduce you to our Wellbeing Service at your Welcome Event. Any students who are unable to physically attend classes due to personal circumstances or self-isolation can join lectures and seminars via Zoom.

Study on campus

Your usual 2-days-a-week timetable with both days on campus.

Timetables will be available to you via the myARUL app or through the VLE. Should you feel unwell, need to isolate, or indeed do not feel able to attend your physical class, then you can join your lecturer virtually through the VLE via Zoom.

Our buildings and working practices will be adapted to mitigate risk wherever possible. Adaptations include temperature checks on entry, adjusted lecture times, study bubbles, minimising movement around the building, the encouragement of face coverings when moving around the building.

We believe that this gives you the flexibility to continue your education in a way in which you feel comfortable. Undoubtedly education is best when we can learn directly from each other in the classroom and I do hope that you will feel able to attend your classes physically, however the ability to continue your education virtually will give you flexibility during these transitional months.

Attendance

On-campus learning

Once you have registered at ARU London, you will be automatically enrolled in the on-campus learning delivery method and be enrolled in the VLE's attendance system. Our on-campus delivery is recommended for a full learning experience, as you will be able to develop ideas and skills with other students and be physically aware in lectures and seminars.

Registering your attendance for on-campus learning is straight-forward. On the VLE, click on your current module's tile, select 'in-class attendance', then you just need to click on the link to confirm your attendance.

Read our guide here on how to connect.

You must use your phone throughout your studies for all lectures and scheduled classes within our building, and be connected to the ARU London WIFI for this to validate.

More info on on-campus attendance can be found in the Attendance Procedure and [FAQs](#) available on our [website](#).

As a student, you are responsible for making sure your attendance is up-to-date and accurate. If you believe you are having a technological issue with your attendance, you can enquire about your attendance record by making an attendance enquiry through VLE. Simply login to the VLE, select 'My Forms' and then select 'Attendance Enquiry'.

Attendance enquiry details must include the date, session (AM, PM or EV) and any additional information you would like the attendance team to investigate. Once you have submitted your attendance enquiry, you will receive a response within three to five working days. Guides on how to make an attendance enquiry can be found [here](#).

Online attendance

You are expected to join your Zoom webinars on time, so **please allow 15 minutes before the class starts to ensure you have a stable internet connection**. Should you log onto the webinar more than 30 minutes after your class begins, you will be recorded as absent. You may be required to meet with your Personal Tutor or Course Leader to discuss your attendance or punctuality.

We understand that sometimes you may have connectivity issues, so please keep staff members up to date with any persistent issues you may be having.

Your attendance is automatically recorded for a session if you access your scheduled Zoom webinar on time.

AM Sessions: Students must first click onto the Zoom webinar between **09:00 – 10:30**.

PM Sessions: Students must first click onto the Zoom webinar between **13:00 – 14:30**.

EV Sessions: Students must first click onto Zoom webinar between **17:00 – 18:30**.

You can click on and off the Zoom link as many times as you like during your class if requested by the academic and this will not affect your attendance. However, students must ensure their first click is between the above stated times.

If students do not use the Zoom webinar link integrated into their VLE, their attendance **will not be recorded** for that session.

If students are having technical difficulties accessing their Zoom webinar, they should contact the iCentre.

For more information, please view our video on Online Learning Attendance by clicking [here](#).

Support Whilst You Study

Our Student Services Team is here to support you during your studies. We can help you before you arrive at ARU London and throughout your course.

The video below details the support available within all aspects of your university life, including: financial support, study skills, jobs and employability.

This video will detail our key departments to your support you throughout your study, and how to get in contact with each department.

Employability

ARU London is proud to offer a successful Employability Scheme for all our students and alumni. Throughout the year, the team organises Employability Passport sessions to help enhance your employability skills such as:

- CV Building/Interview Preparation
- Career Planning
- Professional Skills
- Your Personal Brand

The university has partnered with a number of prestigious companies in order to give students a higher chance of finding graduate employment. We have employers speak at our Industry Exposure sessions, which are open to all students. Companies range across the hospitality, finance, business, healthcare, and law sectors, meaning you will hear from seasoned industry professionals. Business representatives, company owners, and guest lecturers join us to speak about their career journey, their companies, tips on how to secure a graduate job after university, and occasionally they are actively recruiting on campus. These events take place throughout the year, so make sure to look out for the employability timetable each trimester.

Commit to attending ALL the skills sessions plus three Industry Exposure sessions to complete your virtual Employability Passport and celebrate your success at the ARU London Employability Award Ceremony,

presented in front of students and academics, as well as potential employers sitting looking for talent. As you progress towards graduation, students who have completed the scheme will also be referred to employers who are looking for qualified candidates ready to kick-start their career. Please [click here](#) for a guide to the Employability Scheme.

Within your VLE you will find the Career Zone section, which is full of great resources to help you further your career. This includes CV building, interview simulations, and industry reports. To access the Career Zone, just click on the link next to the 'My modules' tab in your VLE to explore.

They also provide a free, confidential, and impartial Advice Service, for when you face difficulties and don't know where to go.

To ensure your thoughts are heard, your Students' Union holds two elections each year. In March you will also elect a Vice President who works two days a week, listening to your feedback and campaigning for a better student experience.
